

At your fingertips ... an extensive library of safety and HR & Legal compliance training courses, easily deployed and managed across your company.

- **Expert content** - J. J. Keller's regulatory and subject-matter experts make sure all online courses reflect the most current regulations and best practices
- **Easy access** - students have access to self-paced interactive training anytime, anywhere there is an Internet connection
- **Consistent delivery** - online format ensures that no matter how many employees at multiple locations need training, your message will be consistent and standardized
- **Powerful recordkeeping** - keep track of which employees were trained on which topics and when, and have all of your records together in one easy-to-access site
- **Easy implementation includes:**
  - Employee enrollment
  - Curriculum building
  - In-depth reporting
  - Completion certificates.
- **Tablet Compatible**

Training can be completed using a tablet device, such as an iPad or Android tablet. We do not recommend using a mobile device with a screen size of less than seven inches, such as a smartphone. (Minimum bandwidth availability of 1.5 Mbps, 3.0 Mbps or higher recommended.)
