ONLINE TRAINING ... A SMARTER WAY TO TRAIN

J. J. Keller's team of regulatory and training experts provide effective, powerful training incorporating the latest and most engaging adult learning techniques. The result is an expansive library of online safety and HR & Legal compliance training courses designed to maximize retention. Whether you need to train individual employees or groups of employees, you can easily deploy our courses, monitor progress, and manage training across your company.

- **Expert content** – J. J. Keller's in-house subject matter experts work diligently to incorporate the latest regulatory changes and safety best practices into our training courses.
- **Easy access** – students have access to self-paced interactive training anytime, anywhere there is an Internet connection
- **Consistent delivery** – online format ensures that no matter how many employees at multiple locations need training, your message will be consistent and standardize
- **Powerful recordkeeping** – keep track of which employees were trained on which topics and when, and have all of your records together in one easy-to-access site
- **Easy implementation includes:**
 - Employee enrollment
 - Curriculum building
 - In-depth reporting
 - Completion certificates.

CONSTRUCTION

Aerial Lifts for Construction
