**ONLINE TRAINING ... A SMARTER WAY TO TRAIN**

J. J. Keller’s team of regulatory and training experts provide effective, powerful training incorporating the latest and most engaging adult learning techniques. The result is an expansive library of online safety and HR & Legal compliance training courses designed to maximize retention. Whether you need to train individual employees or groups of employees, you can easily deploy our courses, monitor progress, and manage training across your company.

- **Expert content** – J. J. Keller’s in-house subject matter experts work diligently to incorporate the latest regulatory changes and safety best practices into our training courses.
- **Easy access** – students have access to self-paced interactive training anytime, anywhere there is an Internet connection
- **Consistent delivery** – online format ensures that no matter how many employees at multiple locations need training, your message will be consistent and standardized.

## HAZWOPER

### HAZWOPER CURRICULUM GROUPS
- 16-Hour Advancement Training: Waste Site Workers
- 40-Hour Initial Training: General Waste Site Workers
- 24-Hour Initial Training: Routine or Non-Routine Waste Site Workers
- 8-Hour Refresher Training: Waste Site Workers
- Emergency Response Initial Training: Awareness-Level Responders
- Emergency Response Initial Training: Hazmat-Technician-Level Responders
- Emergency Response Initial Training: Operations-Level Responders
- Emergency Response Refresher Training: Awareness-Level Responders
- Emergency Response Refresher Training: Operations-Level & Hazmat Technician-Level Responders

### Chemical Fundamentals
- Decontamination
- Emergency & Post-Emergency Response Procedures

### Emergency Response Planning
- Exposure Monitoring & Sampling
- Handling & Shipping Drums & Containers
- Hazardous Substance Recognition & Identification
- HazCom, Hazmat, & Hazardous Waste
- Health & Physical Hazards
- Medical Program
- Overview for Waste Site Workers
- Personal Protective Equipment & Clothing
- Refresher for Emergency Responders
  - Chemical Fundamentals
  - Decontamination
  - Emergency & Post-Emergency Response Procedures
  - Emergency Response Planning
  - Exposure Monitoring & Sampling
  - Hazardous Substance Recognition & Identification
  - Medical Program
  - Personal Protective Equipment & Clothing
- Refresher for Waste Site Workers
  - Air Monitoring & Medical Program
  - Emergency Response & Decontamination
  - Hazard Recognition
  - Introduction to HAZWOPER
  - PPE & Other Hazard Control Measures
- Respiratory Protection
- Site Control Measures
- Written HAZWOPER Plans & Programs

## HR & LEGAL COMPLIANCE

### Active Shooter/Active Threat
- How To Survive*
- Organizational Preparedness & Recovery
- ADA for Supervisors
- Americans With Disabilities Act - Title II
- Antitrust Essentials

### Appropriate Email & Internet Use
- Avoiding Insider Trading
- Avoiding Retaliation
- Code of Conduct
- Conflicts of Interest
- Customer Proprietary Network Information (CPNI)
- Diversity and Discrimination for Employees & Supervisors
- Drug-Free Workplace

### Effective Communication for Employees & Supervisors
- Fair Labor Standards Act (FLSA)
- Family Educational Rights and Privacy Act (FERPA)
- FMLA for Supervisors
- Foreign Corrupt Practices Act (FCPA)
- Global Anti-Corruption*

### HIPAA Privacy and Security
- Information Security
- Managing within the Law (Basic & Advanced)
- Preventing Discrimination & Harassment for Employees – Canada
- Preventing Discrimination & Harassment for Employees – Maine

### Preventing Discrimination & Harassment for Managers – California
- Preventing Discrimination & Harassment for Employees – Maine
- Preventing Discrimination & Harassment for Managers – Connecticut
- Preventing Discrimination & Harassment for Managers – Canada
- Protecting Trade Secrets
- Responsible Social Media Use

### Sexual Harassment Prevention*
- Substance Abuse Training for Employees & Supervisors
- Team Building for Employees & Supervisors
- Wellness and Fitness
- Workplace Bullying and Violence for Employees & Supervisors
- Workplace Stress

## LAB SAFETY

### Electrical Safety in the Laboratory
- Flammables and Explosives in the Laboratory
- Handling Compressed Gas Cylinders in the Laboratory
- Hazard Communication (see HazCom/GHS Section)
- Laboratory Ergonomics
- Laboratory Hoods
- Orientation to Laboratory Safety

### OSHA Formaldehyde Standard
- Planning for Laboratory Emergencies
- Preventing Contamination in the Laboratory
- Safe Handling of Laboratory Glassware
- Safety Showers and Eye Washes in the Laboratory

## WORKPLACE SAFETY

### Aerial Lifts for General Industry
- Arc Flash/Arc Blast Awareness & Safety

### Asbestos Awareness Training
- Back Safety (Spanish)
- Back Safety: Keep Your Back In Action

### Bloodborne Pathogens
- for General Industry Employees*
- for Healthcare Facilities
- for First Response Environments*
- and MRSA

### Back Safety: Keep Your Back In Action
- Cold Stress

### Compressed Gas Cylinders
- Computer Workstation Safety & Design

### Confined Spaces: Entry Team Training - Maintenance Activities
- Crane Safety for General Industry
- Crystalline Silica for General Industry Employers*
- HazCom/GHS Section

### Ergonomics: Industrial*
- Orientation to Laboratory Safety

### Ergonomics: Office
- Planning for Laboratory Emergencies
- Preventing Contamination in the Laboratory
- Safe Handling of Laboratory Glassware
- Safety Showers and Eye Washes in the Laboratory

### Preventing Contamination in the Laboratory
- Safe Handling of Laboratory Glassware
- Safety Showers and Eye Washes in the Laboratory

### Preparing for Laboratory Emergencies
- Planning for Laboratory Emergencies
- Preventing Contamination in the Laboratory
- Safe Handling of Laboratory Glassware
- Safety Showers and Eye Washes in the Laboratory

### Emergency Eyewash & Shower Use
- Emergency Preparedness & Response
- Ergonomics: Industrial*

### Fire Extinguisher Use*
- Planning for Laboratory Emergencies
- Preventing Contamination in the Laboratory
- Safe Handling of Laboratory Glassware
- Safety Showers and Eye Washes in the Laboratory

### Fire Prevention & Response
- First Aid (Spanish)

### First Aid Basics
- Forklift Training*
- Forklift Training: Equipment Basics*
- Forklift Training: Equipment Inspections*
- Forklift Training: Operating Procedures*

### Forklift Training:
- Maintaining Your Forklift*
- Non-Operators Safety*
- Specialized Units & Attachments*
- Equipment Basics*

### Forklifts – Ultimate Hazard Perception Challenge
- Hand & Foot Protection: PPE Employee Essentials*
- Hand and Power Tool Safety (Spanish)
- Hazardous Substances: Incidental Spill Response
- Hazardous Substances: Spill Discovery & Notification
WORKPLACE SAFETY

Hazardous Waste Operations and Emergency Response
(see HAZWOPER Section)

**Head, Eye, & Face Protection: PPE Employee Essentials**

**Hearing Protection: PPE Employee Essentials**

**Heat Stress**
Hot Work: Safety Operations Training*
Housekeeping & Maintenance
Hydrogen Sulfide for General Industry

**Hydrogen Sulfide for Oil & Gas**
Incident Investigations for Accidents & Near Misses
Indoor Air Quality
Ladder Safety for General Industry*

**Lockout/Tagout: Put a Lock on Hazardous Energy**
Lockout/Tagout (Spanish)
Machine Guard Safety (Spanish)

**Machine Guarding**

**Material Handling Safety**

**Motorized Pallet Jacks: Safe Operations**

**Office Safety**

OSHA 10-Hour Training For General Industry
OSHA Recordkeeping for Employees
OSHA 30-Hour Training For General Industry
Personal Protective Equipment (Spanish)

**Personal Protective Equipment: Employee Essentials**
Power Tool & Extension Cord Safety
RCRA Hazardous Waste Generator Training
Respiratory Protection: Breathing Safely
Safety Audits for Employees
Scaffolding Safety for General Industry
Scissor Lifts for General Industry

**Slips & Trips: Workplace Safety**

**Slips, Trips & Falls: Hazard Perception Challenge**

**Stairways for General Industry**
Step Bolts & Manhole Steps for Telecommunications
Tuberculosis in the Healthcare Environment
Walking-Working Surfaces: What Employees & Supervisors Need to Know*

**Welding: Safety & Health Protections**
Winter Safety: Working & Driving in Snow, Ice, & Extreme Cold
Working With Lead Exposure in General Industry
Workplace Injury & Illness: OSHA Reporting & Recordkeeping for Managers
Workplace Safety Basics: In Case of an Emergency*
Workplace Safety Basics: Safe Use of Equipment*
Workplace Safety Basics: Work Environment*
Workplace Safety Basics: Work Practices*
